

Level 2 Certification

The Australian Paint Approval Scheme hereby certifies that

Insulating Technology Pty. Ltd.
Moorebank, NSW

as manufacturers of the following product/s

**Insultec Asbestos Sealer
Insultec 1 Membrane**

<u>Product Code</u>	<u>Product Name</u>	<u>APAS Product ID</u>
--	Sealer - white	4561
--	Membrane - white	4562

has been assessed against the requirements laid down in the APAS Quality Manual and Operational Procedures and APAS Specification number:

1720/2

Samples and documentation have been supplied that seem to indicate that the paint product/s detailed above perform in accordance with the requirements laid down in the nominated APAS specification.

For Level 2 Certification, APAS does not conduct regular audits of manufacturing units to verify industry best practice manufacturing processes or testing competence. APAS also does not exercise any control over formulation changes. Hence, the level of user confidence in the performance of Level 2 products is lower than that for normal (Level 1) approval.

This certificate is issued on behalf of APAS by CSIRO's APAS Secretariat. The manufacturing organisation hereby agrees to faithfully observe and comply with all the requirements of the documented and published general and specific rules and regulations applicable to the scheme and Level 2 products.

Date of Issue:
26/06/2007

Ken Lofhelm
Executive Officer - APAS

Certificate No.:
2022

This certification is valid until the end of June 2009
